

The Laboratory of this department is equipped with most modern equipments to run and demonstrate the experiments as per the syllabus prescribed by West Bengal University of Technology.

One of the most notable features of Physics Laboratory is its **Dark Room**. The sophistication of this integrated part of the laboratory ensures designing of high quality experiments in the field of **Optical Physics**.

The availability of adequate apparatus facilitates designing of new experiments beyond the curriculum.

Individual care is extended to every student by the committed faculty members of the department for better understanding of a performance.

For further reference please go through the **Mandatory Disclosure** for the detail of the laboratory of the department.
